## HEAD OF ALLIED TOBACCO LEAGUE HERE.

Mr. W. D. Spaulding of Covington, president of the Allied Tobacco League of America, was a guest of the Hotel Windsor, in this city, Tuesday. Mr. Spaulding, who is one of the most prominent business men of the Queen City, came to Paris in the interest of the organization of which he is the head, and while here interviewed a large number of men interested in the tobacco business.

Mr. Spaulding's visit to Paris was principally for the purpose of getting the tobacco men interested in the movement to combat the possible campaign which may be waged against tobacco in the future. The Allied Tobacco League was organized for the sole purpose of uniting every department of this great industry against the attacks of those who would seek to destroy it. Their most urgent insistence is that now is the proper time to arouse all those who grow, manufacture, sell or consume tobacco, to the fact that there is really an organized effort being made to prohibit its growth, manufacture and use. They find, strange as it may seem, that thousands whose livelihood depends upon the business, are unwilling to believe that such an effort is seriously being made in this boasted land of freedom.

Realizing that Bourbon county is one of the largest tobacco producing counties in the State, and that the annual revenue to the merchants of the city and county from the tobacco industry amounts to a large sum, Mr. Spaulding urged every man in the city and county who is interested in the business to get ready for the fight that is sure to come. He cited facts and figures to prove that the campaign will be fought and that it is to the interest of the tobacco men to get under way and protect themselves.

The officers of the League include every department of the industry. Every dollar contributed to the cause will be expended in carrying out the purpose of the League. Every tobacco man in the county should take an active interest in helping to build up the national organization. Among the members of the Board of Directors from this vicinity are Dr. Samuel Halley, of Lexington; Elijah Kirk, Maysville; June W. Gayle, Owenton; Henry Martin, Versailles.

## ADJUDGED TO BE OF UNSOUND MIND.

In Judge Batterton's court Tuesday A. R. Johns, Paris photographer, was tried before a jury on a writ of lunatic inquiring. The jury, after hearing the testimony of physicians and others who had investigated Johns' mental state several weeks ago, returned a verdict adjudging him to be of unsound mind, and ordered him committed to the Eastern Kentucky Hospital at Lexington.

The case of Mr. Johns is a most pathetic one. He came here a few years ago and purchased the photographic studio then operated by L. C. Norman. By hard work and his natural artistic talent he built up a lucrative business and soon gained rank as one of the foremost photographers in the State. In the past two or three months he had been unusually active in finishing work, often working all night long. His health gradually gave way under the strain, which, coupled with an injudicious use of "substitutes" for stimulants to which he had become accustomed, affected his mind. His hallucinations took various forms, he imagining he had inherited a vast sum of money, also that he had invented a substitute for whisky. A day or two before his arrest his condition became worse, and he was placed under restraint. He was taken to a private sanitarium in Lexington, where physicians pronounced his case hopeless. The lunacy proceedings here Tuesday followed their decision.

Mr. Johns had a host of friends here, who regret exceedingly the unfortunate state to which his bad health, overwork and other causes have reduced him. What disposition is to be made of his business here has not yet been determined.

## HELD FOR ASSAULT AND BATTERY.

Douglas K. Clay, of East Paris, was arraigned in Judge George Batterton's Court, Tuesday morning, on a warrant charging him with assault and battery. He waived examination, and was held to the grand jury at the March term of the Bourbon Circuit Court in the sum of \$500 bail, which he furnished.

## LEGISLATIVE NOTES FROM THE STATE CAPITOL.

The 1920 session of the Kentucky Legislature was called to order shortly after noon Tuesday with a large crowd present to witness the opening ceremonies and to hear Governor Edwin P. Morrow deliver his message.

This is the first time in the history of Kentucky that a Governor has delivered his message in person and it carried special impressiveness as spoken in the earnest, clear tones of the gifted Republican executive.

The House and the Senate assembled in their separate chambers and proceeded to routine business connected with the first day of the session. Officers for both of the houses selected in the party caucuses Monday night were elected without delay and Representative Joseph Bosworth, of Middlesboro, assumed the chair as Speaker of the House. He was heartily congratulated by his Democratic opponent, James H. Thompson, Bourbon County Representative.

Following other routine matters and consideration of the resolution for ratification of the constitutional amendment for national woman's suffrage, the two legislative bodies convened in joint session in the house to hear the message.

Confining himself almost entirely to the pledges and promises made to the people of Kentucky in the platform of both political parties in the campaign last fall, Gov. Morrow in his message urged the elimination of every useless office and official, the ratification of the Woman Suffrage amendment to the Federal Constitution, enforcement of the prohibition amendment adopted at the election in November, the enactment of a law to carry into effect the provisions of the anti-mob amendment to the constitution and legislation to provide for improvement of the public school system of Kentucky, particularly in the rural districts, where are being taught 80 per cent of the children of Kentucky, the Governor said.

Governor Morrow recommended that the arbitrary power of the State Tax Commission to increase assessments be limited and that counties which might be increased by the State Board be given the right to take their case to the Court of Appeals. He recommended legislation that might be necessary to take both the schools and the courts out of politics, with a change in the constitution to permit this to be done with regard to State and county Superintendents of Schools.

The Governor also recommended legislation that would permit him to keep his promises to the people in regard to the State Board of Control, and the entire, complete and thorough elimination of the "fire-puffers-out" as a factor in State politics by the abolition of the State Fire Marshal's office and the placing of the office under the direction of the Commissioner of Insurance.

Declaring that the primary election system had proved faulty insofar as it related to State matters, the Governor urged the legislature to amend the law so that it should not apply to nominations for State officers, saying that the system deterred men of standing who might otherwise be induced to run for public office from entering what would inevitably prove to be an expensive contest to cover the entire State.

The State of Kentucky, through its Legislature, ratified the Federal constitutional amendment, granting suffrage to women Tuesday afternoon, by an overwhelming vote in both Houses.

In the Senate the vote stood 30 to 8, and in the House of Representatives the measure carried 72 to 25. Bourbon's Representative, James H. Thompson, voted for the ratification of the amendment.

It was the twenty-fourth State to officially endorse the amendment.

News that Rhode Island was the twenty-third State to ratify the measure was hailed with delight.

The Legislature, after spending considerable time in wrangling and becoming adjusted to conditions, adjourned Tuesday until next Monday.

This is in accordance with the usual custom, the interim being created for the purpose of allowing for the selection of standing committees, and for the formation of rules which will govern procedure in the two houses. In the Senate the all-Democratic rules committee selected Monday will fulfill both of these duties under the direction of Chairman Charles M. Harris, Democratic leader. Speaker Bosworth will name the standing committees in the House, and to this end arranged for conferences with other members of the House during the recess. The latter will not be confined to the Republican associates, for it is his intention to delegate to Minority Leader Thompson, of Bourbon county, the selection of those Democratic

## TOBACCO MARKETS

The Bourbon Tobacco Warehouse Company held a block sale on their Paris and Bourbon houses and No. 3 floors combined. Some of the baskets went as high as \$1.03. The quality of the offerings was good. The floor averages and other statistics could not be obtained last night. One crop of 2,465 pounds, belonging to Louis Rash, sold for an average of \$77.16. Clay & Wagoner's crop of 2,020 pounds brought an average of \$94.28 and one belonging to T. W. Current, 2,190 pounds brought an average of \$87.30.

Despite the bitter cold weather and the other generally discomforting conditions the tobacco trade was brisk at the sales held Tuesday. There was a large attendance and the interest in the markets seemed to be as strong as at previous sales. The market was strong on good quality tobacco, which brought as high as one dollar a pound. Prices are increasing on the lower grades, and these types are barely holding their own. Receipts continue to run heavy, with the exception of Wednesday, when slippery roads deterred many from bringing their offerings to the market.

The block sale of Monday was concluded Tuesday at the Independent House. From there it went to the Bourbon House. The sale Tuesday resulted in the disposal of 160,195 pounds for a money value of \$77,003.35, making a floor average of \$48.07.

At the Bourbon Warehouse in Tuesday's sale a total of 241,890 pounds was disposed of for a money value of \$117,968.90, an average of \$48.76. The quality of the offerings was only fair. Several crops in this sale were brought here from Montgomery and Clark counties.

The Paris market showed increased strength and tone at the sales held Wednesday. Several crops from surrounding counties were sold at good prices, their owners remarking that in the future they would bring all their tobacco to this market to be disposed of. The highest price obtained at this sale was \$1.01, and the lowest eighteen cents a pound. The receipts were heavy and the quality of the offering a little bit better than at the Tuesday sale.

The Independent House No. 2 sold a total of 143,115 pounds for \$74,725.79, a floor average of \$52.21. The sale for the day then shifted to the Paris House of the Bourbon Tobacco Warehouse Company, where a full floor was on, resulting in a blocked sale, no report being obtainable at that time.

Every farmer and grower in Bourbon county should be interested in maintaining the Paris market, admittedly one of the best in Central Kentucky. The reports received each week from the warehouses show the local market to be near the top notch in the matter of sales and high averages. It costs a lot of money to send tobacco to other markets and to pay all the expenses, while the market here is as good for the same quality as anywhere else. Be loyal to home institutions.

## DOG LICENSES ISSUED

Up to Tuesday afternoon County Clerk Pearce Paton had issued a total of 1,400 dog licenses, as required by the dog tax law. This is a slight increase over the corresponding period for 1918, and shows that the owners of canines are anxious to have their animals protected by law.

members who will represent the minority on the House committee.

A full list of the committee in both Senate and House is expected to be ready when the Assembly convenes on Monday.

Mr. Bosworth has made no official announcement of his choice for chairmanship of or members of any of the various House committees which he is employed to appoint, but there are certain members of the majority whose selection for certain chairmanships is said to be assured. Other chairmen who are said to have been settled upon, and the committee which they will head, are as follows:

Racing Committee—Ryans, Louisville.  
Agriculture—Foster, Greensburg.  
Criminal Laws—Richardson, Louisville.  
Municipalities—Hudson, Louisville.  
Education—Walsh, Harrodsburg.  
Military Affairs—Mason, Hartford.  
Taxation and Revenue—Neal, Morgantown.  
Juvenile Courts—McLellan, Louisville.  
Judiciary—Lawrence, Tompkinsville.

## HELD ON CHARGE OF VIOLATING NARCOTIC ACT

Richard English, of Paris, was arrested at the home of Anna Chambers, colored, in Lexington, Wednesday morning, by Internal Revenue Inspector Fish and Detective Maloney, of the Lexington police force, on a charge of violating the Federal anti-narcotic law. His trial will be held before United States Commissioner S. S. Yantis. According to Inspector Fish, the Government regulations prevent any information being given out prior to the trial. English was arrested in Lexington some time ago on a charge of being drunk. On his person was found a large quantity of "dope," which he claimed was used in his practice as a veterinarian. He was fined on a charge of drunkenness and his case reported to the Government officials. Upon producing a diploma as a veterinarian he was released from custody.

## U. D. C. MEETING

Richard Hawes Chapter, Daughters of Confederacy, will hold a business meeting in the Confederate room in the court house to-morrow (Saturday) afternoon, at 2:30 o'clock. The principal business of the meeting will be to make arrangements for fittingly celebrating "Lee Day," January 19, the birthday anniversary of General Robert E. Lee, the idolized leader of the Confederate forces in the great war between the States. Other business of importance will come up for consideration. A full attendance of the membership is urgently requested.

It may be noticed that the nearer we come to 1920 the more Mr. Bryan emerges from his obscurity.

## PARIS NOT LAGGING IN IMPROVEMENTS PAST YEAR

That the city of Paris has not lagged behind in the march of improvements during the past year is amply evidenced from statistics furnished from the Mayor's office, as follows:

New dam completed across Stoner Creek; new sanitary sewer completed and bond issue voted to construct others; Duncan Avenue asphalted from Pleasant to Vine street; Main street from Tenth to Fourteenth, and Pleasant street from Twelfth to Sixth, concrete-surfaced; bonds voted to complete additions to white and colored public schools; all macadam streets repaired and put in first-class shape; credit balance of \$20,000 in city treasury, compared to \$9,000 two years ago; Winnie street improved and extended to Vine street; new Council elected; and many other improvements of a substantial nature planned for this year.

The city's affairs are in thoroughly capable hands, and Paris should in 1920 be marked up on the honor roll of progressive Central Kentucky cities. With a strong pull, and a pull altogether, and with no division of interests or bickering about who shall get the credit for things contemplated or things already done, here's hoping the good old town will be pushed forward in the van of progress until it shall be said of us: "There is a real live town."

## BACK FROM SUCCESSFUL HUNT IN FLORIDA.

Squire John N. Shropshire and son returned Saturday from a month's hunting and fishing trip spent around Orlando and other points in Florida. He reports a most successful hunt and a very enjoyable time. They bagged a total of 176 quail and on their fishing trips caught large numbers of fine specimens of the finny tribe. They spent considerable time on the East Coast, and met several Bourbon county people who are temporary residents of that vicinity. Squire Shropshire said that when he left Orlando, the weather was so warm and pleasant that very little clothing was necessary. He said Florida bound trains were still full of tourists, and that there seemed to be hardly any one returning.

Milwaukee wishing to be represented in Congress by Berger or nobody, will have nobody.

LADIES' OUTFITTERS

## —WE KNOW MOW—

Very few men appreciate the extreme care and attention to detail that is given nowadays to the making of clothes—particularly the making of our Smart Clothes. From the inspection of the woollens from the mill until the finished garments are hung in our cabinets ready for your try-on, there are hundreds of separate individual operations, each of which is performed only by skilled master craftsmen. And each operation must be perfect in itself to make a perfect fitting product.

It is the attention to detail—this care in making the unseen, hidden parts of each garment as fine as the high standard parts you can see that is what distinguishes our clothes from other clothes.

The fit, the style, the smartness may be seen in a try-on before our mirrors. The wearing quality is discovered only by months of service. Our wearers can tell you tales of unusual service—unusual as compared with other clothes, yet not unusual for ours.

## BUSINESS IS BETTER

Paris business men, almost without exception, report the holiday business, and, in fact, the entire year, just past, as the best in the history of the city. Higher prices on commodities have not been a deterrent to selling, the high prices for tobacco and other farm products making up for the difference. Cash is reported more plentiful than in the past. The tobacco business has been a great factor in turning a large amount of money into the business channels of the city. With complete stocks and fair prices, the merchants of Paris are fully prepared to take care of local trade.

But Kaiser Wilhelm II. forgot it. Charles III. of Germany adopted the phrase, "year of our Lord."

## LET'S PUT A LITTLE MORE "PEP" IN PARIS.

Paris needs a little bit more enthusiasm and "pep" in a business way. It is one of the best towns in Central Kentucky, but it is not nearly as good as it could be. During the war and since the war, both the city and county have gone over the top on every proposition in every campaign. But we don't pat ourselves on the back nearly as much as we ought to.

One reason for the apparent apathy is the lack of an efficient organization to further the city's interests. We are entirely too individual, and taken up too much with our own affairs. There is an absence of that "get-together" spirit that make friends and communities alike. Everybody seems to have that "Let-George-do-it" idea whenever a question of civic welfare comes up. Mighty few there are who are willing to dig for anybody but number one, and those few are overworked. We have had a number of Commercial Clubs that would hold a few meetings, then begin to drop away, and nothing whatever was accomplished. They meant well, but indifference finally crept around and the members soon lost interest in the game.

These are organizations that need more members and more helpers. A little more "pep" in 1920 will help along a lot of worthy causes, and make Paris a better city to live in.

## 25,000 AUTO LICENSES ISSUED AT FRANKFORT

Twenty-five thousand automobile licenses for 1920 have been issued by the State Motor Vehicle Department. Major Woodyard, head of this department, says that he will insist on the prosecution of any person who uses an automobile in 1920 on an 1919 license. If the license is not secured, he says the car must remain in the garage.

## NO GREAT ACT OF HEROISM REQUIRED.

## PRICES OF BEEF TO SOAR, STOCKYARD EXPERT SAYS

A shortage of 1,000,000 cattle in the year just closing will cause high prices for beef and beef products for at least seven years more, it was declared by M. F. Horine, statistician for the Union Stockyards, at Chicago, in his annual report.

Mr. Horine said it will be impossible to make good the shortage of 1919 before 1927, and that the Department of Agriculture's report concerning the number of cattle in the United States was too optimistic.

An increase of 377,000 animals of all kinds received at the Union Stockyards for the year 1919 over 1918 was reported. Cattle receipts, however, decreased 290,000.

Decreases in cattle slaughtered were also reported by the markets in Kansas City, Omaha, St. Joseph, St. Louis and Sioux City.

## GOV. MORROW ESTABLISHES A PRECEDENT

FRANKFORT, KY., Jan. 8.—The 1920 session of the Kentucky Legislature was called to order shortly after noon Tuesday with a large crowd present to witness the opening ceremonies and to hear Governor Edwin P. Morrow deliver his message. This is the first time in the history of Kentucky that a Governor has delivered his message in person.

The House and Senate assembled in their separate chambers and proceeded to routine business connected with the first day of the session. Officers for both of the houses selected in the party caucuses Monday night were elected without delay and Representative Joseph Bosworth, of Middlesboro, assumed the chair as Speaker of the House.

Following other routine matters and consideration of the resolution for ratification of the constitutional amendment for national woman's suffrage, the two legislative bodies convened in joint session in the house to hear the message.

They Suffer for Other's Sake. "Locking up an anarchist," said Bill the Burg, "is good for him. But it's kind o' tough on the other fellers that have to live in the same jail."

## NATION-WIDE RAID ON "REDS" BY GOVERNMENT.

WASHINGTON, Jan. 8.—The greatest round-up of radicals in the nation's history was conducted last week by the government, acting through Department of Justice agents in thirty-three cities, stretching from Coast to Coast.

At midnight reports indicated that more than 1,500 members of the Communist and Communist Labor parties, against whom the raids were directed, were in custody and Department of Justice officials expressed the opinion that daylight would see twice that number behind the bars.

Not alone was the round-up the largest yet conducted by the government in its effort to rid the country of radicalism, but, in the view of the officials, it was the most thoroughly carried out. Department of Justice agents had been instructed several days ago and at 9 o'clock Friday night the move was begun on the radical headquarters, whether in Portland, Me., or Portland, Ore.

Department of Justice operatives were directed to catch the radicals "with the goods on," and that these instructions were carried out was evidenced in reports, particularly from New York, where the offices of communist newspapers were raided, and from New England, where considerable literature prepared for dissemination by the two parties was seized.

The primary objects of the raids, Assistant Attorney General Garvan announced, was the obtaining of evidence upon which the Department of Labor might proceed with the deportation of undesirables.

The larger cities in which raids were conducted follow:

New York, Baltimore, Boston, Buffalo, Chicago, Cleveland, Denver, Des Moines, Detroit, Grand Rapids, Hartford, Indianapolis, Jacksonville, Kansas City, Los Angeles, Louisville, Milwaukee, Newark, Omaha, Philadelphia, Pittsburgh, Portland (Me.), Portland (Ore.), Providence, San Francisco, Scranton, Spokane, St. Louis, St. Paul, Springfield (Mass.), Syracuse, Toledo and Trenton.

Minor raids were made in other cities.

The biggest "bag" of the radicals was made in New York, where at midnight more than 800 had been arrested and sent to Ellis Island. From a dozen New England cities 300 or more of the Communists were gathered and in Detroit the raiders found plentiful supply, taking about 300 into custody. Chicago and Philadelphia supplied more than 120 and Buffalo about 100.

A larger number than in any previous raid was reported from practically all of the cities.

The object of the raids, Assistant Attorney General Garvan said, was to obtain for submission to the Department of Labor cases for deportation of "a very large number of our most dangerous anarchists and radical agitators." Agents of the department, he added, went out prepared to catch the radicals "with the goods on."

In connection with announcement of the raids Friday night, Attorney General Palmer made public a letter which he had written to Barclay Hoynes, State's Attorney for Cook County at Chicago, in which Mr. Hoynes was requested to defer the local raids conducted there Thursday night.

Mr. Palmer explained in his letter that the Department of Justice had planned a nation-wide campaign against the same people which were to be raided by Mr. Hoynes' agents in Chicago. Department officials said they were without information as to why the Chicago raids went through Thursday night when Mr. Hoynes had full information as to the plans of federal agents to do the same work Friday night.

The general charge of attempting to overthrow the government by force and violence was placed against the persons arrested during the raids. Officials declared they believed that several hundred members of the Communist and Communist Labor parties would be behind the bars before morning.

Officials here declared the nationwide round-up was the most completely planned and the machinery was the best oiled for this of any raids launched against the radical element in this country. It was arranged some ten days ago that the raid should take place Friday night, and confidential communications were sent to Department of Justice representatives and United States Attorneys in the thirty-three cities.

Department of Justice agents desired most of all to capture incriminating document, not so much of the literature and propaganda, but papers showing details of the communist organizations in each city. It was indicated that if such evidence were obtained, deportations of the persons concerned would be an easy matter.

As in the case of the members of the Union of Russian Workers, several score of whom were abroad the transport Buford, which sailed from New York ten days ago, membership cards in the organization were regarded by officials as constituting the best documentary evidence on which to base deportation cases.

Officials said the only difference between the Communist party and the Communist Labor party was one of leadership. Both have been endeavoring to bring about the establishment of a soviet form of government in this country since their organization last September, according to officials.

Documents gathered by federal agents recently show conclusively, it was said, that plans were drawn up by the leaders of each of these parties to develop a score or more of soviet throughout the country. These were to be merged under a soviet council similar to that which now exists in Russia, according to Mr. Garvan.

# Many People Report Big Gains In Weight

THOUSANDS OF THIN, FRAIL PEOPLE RESTORED TO HEALTH BY TANLAC.

## MANY REMARKABLE EXPERIENCES TOLD

People In All Ranks of Life Tell What Celebrated Medicine Has Done For Them.

One of the most noteworthy features in connection with Tanlac and the one that stands out more prominently than any other, perhaps, is the very large number of well-known men and women from all parts of the South who have recently reported astonishing and rapid increases in weight as a result of its use.

When so many well-known people of unquestioned integrity make statement after statement, each corroborating the other, the truth of such statement can no longer be doubted.

Thousands have testified that this famous medicine has completely restored them to health and strength, after every other medicine and the most skilled medical treatment have failed.

One of the most remarkable cases on record is that of Mrs. Viola Ives, of 315 Cross street, Little Rock, Ark., whose statement appears below.

"In May of 1913," said Mrs. Ives, "I suffered a complete breakdown of my nerves and my entire system gave way. About six weeks afterwards I was carried to the hospital. I became perfectly helpless—could not move any part of my body and just lay there in bed for five months not knowing anything or anybody. I was brought home in October, 1913, and tried all kinds of medicine and everything I was told about.

"I read about so many people getting relief by taking Tanlac and my husband got me a bottle. After taking three bottles I began to feel better. I have taken several bottles of Tanlac now and I can walk anywhere and sleep like a child. When I took my first dose of Tanlac I weighed only one hundred and sixty-two pounds. I now weigh one hundred and sixty-two—an actual gain of forty pounds since I started on Tanlac."

## Texas Man Testifies

Another remarkable case was that of John M. Crabtree, a general merchant of Five Mile Station A, Dallas, Texas:

"I have actually gained thirty-four pounds on three bottles of Tanlac and I now know what it is to enjoy good health after suffering for twenty years," said Mr. Crabtree.

"I suffered with catarrh of the stomach and indigestion for twenty years and for eighteen months, before I started taking Tanlac, I had to live almost entirely on cereals. I spent nearly all of one whole year in bed and was unable to do anything at all and I fell off in weight to 118 pounds.

"After using my third bottle of Tanlac I found I had increased in weight from 118 pounds to 152 pounds, making an actual gain of thirty-four pounds—all my troubles were gone, and I was feeling like another man."

Captain Jeff D. Riggs, popular Y. & M. V. engineer, running between Vicksburg and New Orleans and residing at 2020 Pearl Street, Vicksburg, in speaking of his experience with Tanlac said: "Yes, sir, it's an actual fact, I have gained twenty-five pounds on Tanlac."

"When I began taking the medicine," continued Captain Riggs, "I was simply a nervous and physical wreck and had dropped down in weight from one hundred and forty to one hundred and ten pounds.

"I have just finished my second bottle of Tanlac, have gained twenty-five pounds and I feel like a new man."

# MRS. CHAS. PEDEN GAINS 27 POUNDS

WAS TWICE EXAMINED AND TOLD OPERATION WOULD BE HER ONLY HOPE

"I have just finished my third bottle of Tanlac and have gained twenty-seven pounds," was the truly remarkable statement made by Mrs. Charles Peden, residing at 550 Mill Street, Huntsville, Ala.

"When I commenced taking the medicine," she continued, "I only weighed 125 pounds, and never felt better in my life. For years I have suffered with a bad form of stomach trouble, constipation and pains in my side and back. At times the pains took the form of torture, and I was twice examined and each time I was told that I had appendicitis and that an operation would be my only hope.

"I had made all preparations for the operation and called in my sister to tell her good-by, as I did not know whether I would live to see her again or not. My sister begged and pleaded with me not to allow them to cut on me and told me to wait and try a good tonic for awhile. The next day, as I returned from the consultation room, I thought of what she said, and I had heard so much about Tanlac, I decided to try it and got a bottle."

"I never returned for the operation, but just kept taking the Tanlac. Right from the start I began to feel better. The medicine seemed to take hold right at once.

"I was so happy over the wonderful improvement in my condition that I sent for my neighbors to tell them how much better I felt. I sent and got another bottle of Tanlac, and have just finished taking my third bottle and feel as if I have been made all over again into a new woman."

ty-five pounds and I feel like a new man."

## Old-Time Engineer Talks.

Engineer Charles J. Weeks, who runs the Seaboard Air Line fast train "Fox" between Jacksonville and Tampa, bears the distinction of being the second oldest engineer in point of service with this road, having been with the company for thirty-five years.

"I have gained twenty pounds on seven bottles of Tanlac and feel as well and happy as I did when a boy," said Mr. Weeks.

"For twenty years I suffered with nervous indigestion of the worst sort," he continued, "and at times during the past fifteen years I didn't think I would last much longer. To tell you the truth, I finally reached the point where I didn't much care whether I lived or died."

Thousands of other people all over the country have reported the same astonishing gains in weight after taking Tanlac. Among these are: Mrs. E. O. Wilson, of 197 Bass Street, Atlanta, Ga., who gained 25 pounds; Edward Reno, 1721 Broadway, Kansas City, Mo., who gained 25 pounds; Mrs. W. C. Cochran, of Juliaetta, Idaho, who gained 22 pounds; Mrs. Doll Davis, of 108 Samuel Avenue, Peoria, Ill., who gained 30 pounds; Chas. E. Shaffer, 503 W. Charleston Street, Portland, Ore., who gained 24 pounds; Mrs. Amelia Mann, R. F. D. No. 2, Ogden, Utah, who gained 20 pounds; W. S. Hukill, 7308 Park Avenue, Tacoma, Wash., who gained 20 pounds; Mrs. B. W. Smith, 3113 Burdett Street, Omaha, Neb., who gained 25 pounds; Fred W. Saunders, 710 Market Street, San Francisco, Cal., who gained 24 pounds and many others too numerous to mention.

Tanlac is sold in Paris by the Peoples' Pharmacy.

### WE ARE NOT GUILTY.

In a recent issue of The Paris Democrat, Editor Will Remington had an item regarding the finding of a snake at the entrance of the Massie Memorial Hospital grounds. The Flemingsburg Times-Democrat gives the credit for the "find" to THE BOURBON NEWS, but we don't want to rob Remington of the glory of his discovery. The T.-D. says, under the caption, "THE BOURBON NEWS Ahead."

"THE BOURBON NEWS, of Paris, gets the first honors in the snake story contest, reporting a 2-foot blacksnake trying to enter Massie Hospital in that city recently. He didn't tell us, however, where the fellow who discovered the snake 'got his.'"

"Editor Wm. Remington, of the Paris Democrat, is trying to make some of the newspaper boys jealous. He claims to have received as one of his Christmas presents a quart of 18-year-old booze. By the way, Will, was it you who discovered the snake THE BOURBON NEWS reported as having been seen trying to get into the hospital?"

"My Sweetie," John P. Boyle Woolfolk has established a reputation for presenting only the brightest and cleanest style of musical revue. He has realized in many ways the ideals which prevailed in London at the famous Gaiety Theatre. Presented in the original scenic setting which are marvels of taste and beautiful design and interpreted by one of the strongest casts ever taken on tour, it is little to be wondered at that "My Sweetie" is taxing the capacity of the theaters in the cities in which it is being presented.

**POLICE WILL ENFORCE AUTO-MOBILE ORDINANCES**

In accordance with instructions issued to them the police force of Paris will, from now on, strictly enforce the provisions of the city ordinance regarding backing automobiles into Main street from the side streets. Drivers and owners of machines are requested to govern themselves accordingly.

During the resurfacing work in progress on Main street, and the concreting of upper Main and Pleasant street this ordinance was observed only in its non-observance and no arrests were made, the police realizing the difficulties placed in the path of motorists. Now that the work has been completed, and the streets reopened to traffic complaints of the non-observance of the ordinances have come in so strongly that the police have been instructed to enforce the law and report all cases of violation of same.

## NERVOUS PROSTRATION

Mrs. J. Christman Proved That Lydia E. Pinkham's Vegetable Compound is a Remedy for this Trouble.

Binghamton, N. Y.—"I was in a very nervous condition for over a year, my mind was gloomy, could see no light on anything, could not work and could not have anyone to see me. Doctor's medicine did not help me and Lydia E. Pinkham's Vegetable Compound was recommended. I took it and am now well. I recommend it to all afflicted with nervous prostration."—Mrs. J. CHRISTMAN, 193 Oak Street, Binghamton, New York.

The success of Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, is unparalleled. It may be used with perfect confidence by women who suffer from nervous prostration, displacements, inflammation, ulceration, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion and dizziness. Lydia E. Pinkham's Vegetable Compound is the standard remedy for female ills.

If there are any complications about which you need advice write in confidence to Lydia E. Pinkham Medicine Co., Lynn, Mass.

## AUTOS BRING REVENUE OF HALF MILLION TO STATE.

That the automobile department is a revenue producer is evidenced by the fact that more than one-half million dollars was collected during 1919 for motor vehicle licenses. During the year 80,861 pleasure cars, 9,086 commercial trucks, 1,501 motor cycles, 743 dealers and 7,000 chauffeurs paid licenses to the State, amounting to \$563,316.96. The total amount collected by the Motor Vehicle Department for 1918 was \$416,477.31.

The new year in the Motor Vehicle Department begins with December and already 2,000 applications for 1920 licenses are on file in the office. Major T. W. Woodyard, who took charge of the Motor Vehicle Department, wants the public to know that all licenses must be renewed by the first of the year. After December 31 owners of cars cannot run them with 1919 licenses and as the new licenses must be secured in December, Major Woodyard hopes that owners of cars will not wait until the last day to get them, for in that event the department will be unable to handle the business.

Samuel K. Wright, who was temporarily in charge of the Motor Vehicle Department, will continue as assistant to Major Woodyard.

## PHOENIX AMUSEMENT CO. ACQUIRES LEXINGTON HOUSES

After negotiations which have extended over several weeks, the Phoenix Amusement Company, owners of the Strand theatre, has obtained control of the Ben Ali Theatre and the Lexington Opera House by purchase for \$350,000 from the Berryman Realty Company. This places under one organization the three largest amusement houses in Lexington, as well as nine other motion picture theatres in surrounding Bluegrass towns.

The new manager of the Ben Ali is Morgan W. Elliott, brother of President Elliott. Harrison G. Scott, son of Charles Scott, who for many years managed the Opera House, is manager of the theatre where stage shows are to be given as formerly. F. B. Sparks will continue as manager of the Strand.

Turner Gregg, conductor of the Ben Ali orchestra for several years, is to be in charge of the orchestra at the Grand Opera House and Alamo Theatre, in Paris, owned by the same company. The orchestra at the Strand, in Lexington, is to be increased by the addition of several members of the present Ben Ali orchestra, and a new orchestra will be engaged for that theatre.

The Phoenix Amusement Company, with John B. Elliott at the head and B. J. Tracey as secretary-treasurer, has been very successful since its organization several years ago to purchase the Strand theatre from outside capital. It has extended its activities until it now owns twelve theatres in the Bluegrass and is attempting to buy two more. It now owns the Strand, Ben Ali and Lexington Opera House in Lexington, three houses in Winchester, two in Frankfort, two in Richmond and two in Paris.

Through acquiring the Lexington houses the Phoenix Amusement Company has presentation rights for pictures produced by the following companies: Goldwyn, Paramount, Realart, World, Prisma Natural Color Pictures, Pathe, Harold Lloyd comedies, Mack Bennett comedies, Christie comedies and several others.

## NEW TREATMENT THAT KNOCKS RHEUMATISM

75c BOX FREE TO ANY SUFFERER

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffers from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expenses to me personally."

F. H. Delano, 1398-A, Griffin Square Bldg., Syracuse, N. Y. I can send you one Free Package to an address. (adv-6-9-13)

## GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To cut short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger. Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

**A Crawling Fish.**  
A Brazilian fish called the maltha cannot swim. It can only crawl or walk or hop. It has a long, upturned snout and resembles a toad. The anterior fins of the maltha are quite small and are not able to act on the water. They only move backward and forward and are in reality thin paws, which are of no service for swimming.

## THE BEST COUGH MEDICINE.

When a druggist finds that his customers all speak of a certain preparation, he forms a good opinion of it and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cuburn, Ky., says, "I have used Chamberlain's Cough Remedy in my family for the past seven years, and have found it to be the best cough medicine I have ever known." ## Testimony of a Kentucky Woman

Louisville, Ky.—"Some time ago I was in a badly run-down condition. I had no energy whatever, was nervous and lost my appetite. I knew I was in need of a tonic and decided to try Dr. Pierce's Golden Medical Discovery, which had been recommended very highly. The first bottle helped me so much that I kept on with it until I had taken the fourth bottle when I was completely restored to health. I certainly recommend Dr. Pierce's Golden Medical Discovery highly to all persons in need of a tonic and builder."—MRS. ANNA MURPHY, 1808 Front St.

## Stomach Trouble

Indigestion—Nervous—Sleepless

West Frankfort, Ky.—"For many years I suffered with stomach trouble; my food would not digest, it would sour on my stomach and gas would form and cause me to be distressed and cramped until I would be almost bent double with pain. I was extremely nervous, could not eat or sleep and was wearing a physical wreck when I was advised to take Dr. Pierce's Golden Medical Discovery. It soon relieved me of my stomach trouble and built me up in health and strength. 'Golden Medical Discovery' did wonders for me and I am glad to give it a recommendation."—MRS. MARIA E. COX, 632 Kentucky Ave.

There is but one way to have good health, and that is to put and keep your stomach in good order. This is easy to do if you take Dr. Pierce's Golden Medical Discovery. It is a wonderful tonic and blood purifier, and is so safe to take, for it is made of roots and herbs. Dr. Pierce of Buffalo, N. Y., stands behind this standard medicine, and it is good to know that so distinguished a physician is proud to have his name identified with it.

## MORE RAIDS ON "REDS" BY FEDERAL AGENTS.

NEW YORK, Jan. 8.—Sweeping raids against "Reds" by Federal agents, which netted almost 700 prisoners last Friday night, were resumed at 7:30 Monday night when 10 large automobiles and two army transport wagons left local headquarters of the Department of Justice to round up Communists and other sedition mongers who escaped the first dragnet.

With the arrest on a deportation warrant of Gregory Weinstein, "chief of staff" for Ludwig C. A. Martens, Soviet Russia's "Ambassador," department officials announced they were hunting big game in their effort to rid the country of the most dangerous alien Anarchists plotting the overthrow of the Government by violence.

Rated as Trotsky's "best friend" here and a co-worker with him on the Russian language radical newspaper, Novy Mir, Weinstein's position in the soviet bureau ranked virtually on a par with Martens, it was stated.

His duties as "Chancellor" gave him control of money and propaganda distributed equally only by that of Martens, and his activities were greater, it was declared.

Victor Wolodin, former manager of the Novy Mir, and said to have been another co-worker with Trotsky, was swept into the Government's dragnet, and sent to Ellis Island in the wake of Weinstein. Neither of the two men would talk, each standing on his right to maintain silence until he could obtain counsel.

Department of Justice agents said they would work until the last deportation warrant they had was served. Relief from congestion on Ellis Island, flooded with foreign radicals since the raids Friday night, was promised in the reported offer by the War Department to make available Camp Upton, Long Island, as a concentration camp.

Attempts to obtain release from Ellis Island of a number of the radicals held there started Monday, when attorneys began applying for writs of habeas corpus in their behalf.

The joint legislative committee investigating seditious activities in New York descended again Monday on the foreign-language radical press, including the Novy Mir, Communist World, Elmore and Rabbitnik, to seize everything in the way of evidence overlooked in raids Saturday night.

In all instances the safes were opened and their content taken for examination. At the Rabbitnik office committee agents had to drill their way into the safe to reach its contents.

Supreme Court Justice Davis Monday night declared Dr. Michael Misleg, Treasurer of Novy Mir, to be in contempt of the committee for having refused to answer questions.

Dr. Misleg also was Treasurer of the Russian Socialist Federation until his examination by the committee. This federation was engaged in spreading members throughout the country, Dr. Misleg admitted.

## VOLA-TONIC NOW ON SALE IN THIS CITY

Varden & Son Lands the Agency Here For the "Builder Of Strength" That Is In Such Big Demand Everywhere

Vola-Tonic, Builder of Strength," can now be obtained right here in Paris.

Varden & Son, local druggists, have been appointed agent for Vola-Tonic here and a big supply of the "Builder of Strength" has been shipped to his drug store where it can now be obtained by the local public.

Vola-Tonic is the "Builder of Strength" that recently created such a sensation at Cincinnati. The medicine had scarcely been distributed to drug stores over the city when many men and women started applying for Vola-Tonic. In ten days such a demand for Vola-Tonic had been created that druggists stood amazed and now the "Builder of Strength" is being sold in Cincinnati at a remarkable rate.

This quick demand that has grown to such huge proportions is due, first, to the absolute need of thousands of men and women for a strengthening medicine right at this time; second, to the real merit of Vola-Tonic as a "Builder of Strength."

Thousands of men and women are to-day ailing and run down. This is the result of the long period of worry that started with the war and has not yet ended; to the unusually fast and strainful life of the modern day; and to the epidemic of influenza which left weakness everywhere. These things hurt the health and strength of thousands who are now in real need of a strengthening medicine.

Vola-Tonic, "Builder of Strength," brings a good appetite, good digestion, good blood and good nerves. Vola-Tonic cleanses the bowels and intestines of foul waste matter and helps the stomach take strengthening nutrition from food. It builds up rich, red blood to carry this nutrition to every weakened organ and broken down tissue of the body, thus rebuilding and strengthening. Vola-Tonic also soothes the nerves and permits sound, energy-restoring sleep at night. As a result, full normal strength and health soon returns to the former weakened, run down man or woman.

Just as big a demand for Vola-Tonic is expected here as came in Cincinnati and all the other cities and towns over this section where the "Builder of Strength" has already been introduced. For that reason a big supply has been shipped here to Varden & Son, where it can now be obtained by the public. (adv)

## STATE TAX COMMISSION CHECKING INTANGIBLE PROPERTY

The intangible property consisting of stocks and bonds that have been listed with county tax commissioners is being checked by the State Tax Commission for final assessment. Owners listing such property are required to give in the face value and actual value of the stocks and bonds. One county reporting to the Commission listed the face value of bonds at \$60,000 and the actual value at \$25,000.

By rechecking this class of property last year the Tax Commission increase the valuation of the stock approximately \$1,000,000.

## WITNESS AFTER WITNESS

In Paris—Such Evidence Our Readers Cannot Dispute.

As we take up THE NEWS week by week, we are struck by the hearty, unmistakable way in which witness after witness speaks out as Mr. Rankin does here. If these people were strangers living miles away, we might take little notice of them. But they are not. They are our neighbors, living among us. This word is too easily proven to admit of any doubt. They speak out in the hope that their experience may be a guide to others.

Floyd H. Rankin, grocer, Lileston avenue and Lucas street, says: "I have used Doan's Kidney Pills off and on for years and have been greatly benefited by them. At times I have suffered severely with kidney complaint. My back often pained and was lame most all the time. The kidney secretions were to frequent in passage and greatly annoyed me. Whenever I have been this way, I have always found that a box of Doan's Kidney Pills has never failed to cure me of the attack in short order."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Rankin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

## Wedding Superstitions.

The superstition that it is bad luck to get married on a rainy day comes from the old saying, "Happy is the bride that the sun shines on." There is another old superstition that a "snowy wedding prophesies wealth."

Reynolds, of North Middletown, one of the pioneer ministers of the Christian church in this section, and for many years in charge of the pastorate of the church at North Middletown. Since the death of her husband she had resided with her daughters in Winchester.

Mrs. Reynolds is survived by her daughters, Mrs. Lida Haggin and Mrs. Millie Hughes, both of Winchester, and one son, Isaac Reynolds, formerly of this county, now residing near Columbia, Tenn.

#### WEATHERS.

—Miss Anna Jane Weathers, aged eighty-eight, died at the home of her son, Mr. S. Letcher Weathers, near Clintonville, Wednesday night, from the infirmities of age. Mrs. Weathers had been an invalid for some time, and her death was not unexpected.

—Mrs. Bessie Lee Moore, a former resident of this county, died at her home 274 Kentucky avenue, in Lexington, at nine o'clock, Wednesday morning, after a short illness. Her

#### KELLER.

—Friends in this city heard with genuine regret of the death at his home in Carlisle, Tuesday, of Mr. Stanley Keller, youngest son of the late Hon. Green R. Keller. Mr. Keller had been ill for some months, and while his death was not unexpected, it came as a shock to his friends and relatives.

Mr. Keller was a native of Paris, having been born in this city about 45 years ago. His parents were at that time residing on Vine street, in the home now occupied by Mr. and Mrs. Forrest Thomas. He attended the Paris public schools until the family moved to Carlisle.

His father, Mr. Green R. Keller, was in his day a distinguished member of the newspaper fraternity, publishing The Saturday Night, a weekly paper, in this city, and conducting a job printing establishment on Main street. He represented Bourbon county two terms in the Kentucky Legislature. The family moved to Carlisle, where Mr. G. R. Keller purchased and conducted the Carlisle Mercury until his death, when he was succeeded by his son, Mr. Stanley Keller. After conducting The Mercury a number of years Mr. Keller disposed of the paper to its present owner, Mr. Warren Fisher, and moved with his family to Lexington, where he was connected with the Internal Revenue service. He was the last of the family, his parents, and one brother, Dr. Hervey Keller, of Frankfort, having preceded him to the grave several years ago.

He is survived by his widow, formerly Miss Edna Potts, of Carlisle, one son, Henry Keller, and one daughter, Miss Annie Keller. The funeral was held yesterday afternoon at two o'clock at the home in Carlisle, followed by burial on the family lot in the Carlisle Cemetery.

The North Middletown Commercial Club gave a banquet in the Masonic Hall, at that place, at which plans for the new year were formulated. Addresses were made by a number of local speakers, in which the importance of continuing development work during 1920 formed the principal theme.

Community interests and the Redpath Chautauqua engagement for next summer were discussed, and plans for the furtherance of the Club's active work along business lines were considered. The Club recently elected the following new officers: President, Rev. Frank M. Tindler; vice-president, William Collins; secretary - treasurer, Frank Sledd.
